B-270634

December 1, 1995

The Honorable Dianne Feinstein
United States Senate

Dear Senator Feinstein:

This is in response to your request of November 29, 1995, for available information on the numbers of federal employees who may be subject to furlough due to any further lapse in fiscal year 1996 appropriations authority. You requested that the information be provided by agencies under the jurisdiction of each appropriation subcommittee.

It should be recognized that the data we have do not represent all of the employees that may be subject to furlough if the appropriation bills or another continuing resolution is not enacted. We summarized data from over 100 contingency plans that OMB provided us covering the 14 cabinet departments and 52 independent agencies. In several instances, the agency's contingency plan did not contain an estimate of the number of employees expected to be furloughed or identified as excepted from furlough. In addition, OMB did not provide us the plans of any agency with fewer than 100 full-time federal employees, which is why we excluded those agencies from our analysis.

As of November 30, 1995, 7 of the 13 appropriations bills have been enacted. For the agencies covered by each of the six appropriation bills not enacted as of that date, enclosures I through V provide data available from each agency's contingency shutdown plan on the number of employees subject to a funding lapse furlough. The Office of Management and Budget (OMB) made the plans available to us in October 1995.

B-270634

If you have further questions, please call me at (202) 512-8676 or John Tavares at (202) 512-2814.

Sincerely yours,

A handwritten signature in black ink, appearing to read "L. Nye Stevens", with a long horizontal flourish extending to the right.
